

APOLLO 11 GIVINGTUESDAY CONTEST

OFFICIAL CONTEST RULES

1. Contest Sponsor and Period

The Apollo 11 GivingTuesday Contest (the “Contest”) is sponsored by the Ontario Professional Engineers Foundation for Education (the “Foundation”). The Contest begins on November 1, 2026, at 12:01 a.m. Eastern Time and ends on December 1, 2026, at 11:59 p.m. Eastern Time (the “Contest Period”).

2. Eligibility

The Contest is open only to legal residents of Ontario who are at least 18 years old at the time of entry. Employees, directors and officers of the Foundation, persons directly involved in administering the Contest, and members of their respective immediate households are not eligible to enter.

3. No Purchase or Donation Necessary

NO PURCHASE OR DONATION IS NECESSARY TO ENTER OR WIN. A donation to the Foundation is voluntary, is not required for entry, and will not increase an entrant’s chances of winning. The donation process and Contest entry process are separate.

4. How to Enter

During the Contest Period, visit <https://forms.cloud.microsoft/r/RUHqvdcaE5> and complete and submit the online entry form with your name, email address and telephone number, and acknowledge these Official Contest Rules. No donation is required. Entries must be received before the Contest Period ends. An entry is received when the Foundation’s entry system records a successfully submitted form.

5. Entry Limit

Limit one (1) entry per person for the entire Contest Period, regardless of email address or other identifiers. Duplicate entries may be disqualified. Automated, fraudulent or otherwise unauthorized entries are void.

6. Prize

One (1) prize is available: a professionally framed, limited-edition Apollo 11 commemorative display, numbered 397 of 1,969, containing a fragment of flown Kapton foil represented by its accompanying Certificate of Authenticity as originating from the Apollo 11 Command Module Columbia. Approximate retail value: C\$400. The prize must be accepted as awarded and is not redeemable for cash. The Foundation may substitute a prize of equal or greater value if the advertised prize becomes unavailable for reasons beyond its reasonable control.

7. Winner Selection and Odds

On December 3, 2026, at the Foundation Head Office, 5000 Yonge Street, Suite 701, Toronto, ON, the Foundation will conduct a random draw from all eligible entries received during the Contest

Period. One entrant will be selected as a potential winner. The odds of winning depend on the total number of eligible entries received.

8. Skill-Testing Question

Before being declared the winner, the selected entrant must correctly answer, without assistance or the use of a calculator, a time-limited mathematical skill-testing question administered by the Foundation at a mutually arranged time.

9. Notification and Forfeiture

The Foundation will attempt to contact the selected entrant by email or telephone using the information submitted with the entry. The selected entrant must respond within five (5) business days after the first notification attempt and satisfy all eligibility and skill-testing requirements. If the selected entrant cannot be reached, fails to respond within that period, is ineligible, declines the prize or fails to answer the skill-testing question correctly, the Foundation may disqualify that entrant and randomly select another potential winner from the remaining eligible entries. This process may be repeated as necessary.

10. Prize Award and Delivery

Once eligibility is confirmed and the skill-testing question is answered correctly, the selected entrant will be declared the winner. The Foundation will arrange delivery or pickup of the prize within Ontario at no cost to the winner, within 7 days after confirmation, subject to reasonable logistical requirements.

11. Personal Information and Marketing Consent

Personal information collected through the contest, including entrants' names, email addresses and telephone numbers, will be used by the Ontario Professional Engineers Foundation for Education to administer the contest, verify eligibility, contact the selected entrant and award the prize.

The Foundation may also invite entrants to receive future fundraising and marketing communications, including information about scholarships and awards, fundraising campaigns, Foundation initiatives, events and opportunities to support engineering students.

Participation in the contest does not require consent to receive future fundraising or marketing communications. Entrants may voluntarily provide such consent through a separate option on the contest entry form.

Personal information will be accessible only to authorized individuals and service providers involved in the administration of the contest and related communications and will be handled using reasonable safeguards. Contest information will be retained only as long as reasonably necessary for the purposes for which it was collected and applicable legal requirements.

Individuals may request to withdraw their marketing consent or ask questions about their personal information by contacting the Foundation at info@engineersfoundation.ca.

12. Publicity

The Foundation may announce the confirmed winner's first name and municipality, subject to applicable privacy law and any consent required. The Foundation will seek separate consent before using the winner's photograph, likeness, testimonial or other identifying information for promotional purposes.

13. General Conditions

The Foundation may disqualify any entrant who violates these Official Contest Rules or submits an incomplete, fraudulent or otherwise ineligible entry. If circumstances beyond its reasonable control compromise the integrity or proper administration of the Contest, the Foundation may modify, suspend or cancel the Contest, subject to applicable law. The Foundation will administer the Contest fairly and in accordance with these Official Contest Rules.

14. Acceptance of Rules

By entering the Contest, entrants acknowledge that they have read and agree to be bound by these Official Contest Rules. Decisions of the Foundation concerning administration of the Contest are final, subject to applicable law.

15. Applicable Law and Contact

The Contest is governed by applicable federal laws of Canada and the laws of Ontario. Questions about the Contest may be directed to the Ontario Professional Engineers Foundation for Education at info@engineersfoundation.ca.
