

Ontario Professional Engineers Foundation for Education

Since 1959

Help build the future of Ontario's engineering profession

Since 1959, the Ontario Professional Engineers Foundation for Education ("Engineers Foundation") has funded scholarships for Ontario's smart engineering student leaders. These students have gone on to become licensed engineers, contribute to the success of Ontario businesses and improve the lives of our family and friends through their technical innovations.

THANK YOU FOR 55 YEARS

Since 1959, donations from engineers like you have funded scholarships for Ontario's smart engineering student leaders. Help build the future of our profession. Donate today.

\$2.5 million
in scholarships

2940
student awards

Join us in making a difference

Because of donations from social leaders like you, since its inception the Engineers Foundation has provided over \$2.5 million in scholarships to close to 3000 students. With only 5% of our donations coming from big business, it is the grassroots movement of individuals like you that are making a difference in the lives of our youth leaders.

They need you

Today, an engineering education costs over 65% more than it did ten years ago. In addition, there are more students studying engineering every year. In order to provide a meaningful scholarship program for students, the Engineers Foundation needs to both increase the quantity of our scholarships as well as the dollar amount.

Donate Today

Please donate today to help our engineering leaders of tomorrow. A contribution of just \$5 a month, or \$60 today will make a difference. Donations are tax deductible.

Three easy ways to donate:

1. Visit **engineersfoundation.ca**
2. Call **416.224.1100, ext.1222**
3. Via **PEO fee renewal**: check the donation box

Thank you for your support and for helping to make these financial awards possible.
